

November 15, 2021 Grosse Pointe Shores
Infrastructure Committee Meeting Minutes

A meeting of the Grosse Pointe Shores Infrastructure Committee took place on Monday, November 15, 2021 held virtually via ZOOM, 9:00 a.m.

Meeting called to order at 9:00 a.m. by Chairman Schotthoefer

Attendance: Sean Schotthoefer, Tom Krolczyk, Michael Way, Robert Barrette, Steve Poloni, John Dakmak

Approval of the August 9, 2021 meeting minutes, on Motion by Schotthoefer, seconded by Barrette; unanimously approved.

Old Business

New Business:

- A. Oxford Rd. - Easements that have specific driveways will not be put back in place, standard concrete. Road will be one way, 6 to 8 months lead time for building supplies. Request to add an island to Oxford was inquired upon, but seems to be cost prohibitive.
- B. Lake Shore Rd. – Looking for lead lines when water line replaced. EGLE is requiring Ecoli Storm Testing 2021/2022 to 2023/2024, ECT did initial testing. HRC investigating supply costs.
- C. Seawall – Engineering costs and short-term fixes has some funding provided.

No public comment was received.

Next Meeting: TBD

Adjournment: 9:30 a.m.
